

# Certificate and Digital Badge Requirements

---

## 1. Lessons

Please view all video lessons in their entirety.

## 2. Final Quiz

At the end of the program, there is a final quiz to test for a basic understanding of the course materials. It is comprised of 35 multiple choice and true/false questions. A passing grade of 80% is required; however, you have an unlimited number of “redo” attempts and it is completely “open book” – we even tell you where to find the answer!

## 3. Final Assignment

The completion of a short final assignment is required to demonstrate an ability to apply the materials to your own life circumstances. This assignment will not take too much time to complete (30min-1hr approx.). The details of the assignment will be presented at the end of the course.
